RE: ***Request for Extension*** - Martin Pit 1-A, File No. M-1990-140 – Construction Material (112) Operation Reclamation Permit Application

To Whom It May Concern:

On February 25th, 2016, Duran & Pearce Contractors submitted a Construction Material Regular (112) Operation reclamation Permit Application package for Martin Pit 1-A, File No. M-1990-140. Duran & Pearce Contractors received a letter on March 4th, 2016 from the Division after the preliminary review.

Since then, Duran & Pearce Contractors has amended the original permit application from permitting 80-Acres to now permitting 68.6 acres.

Duran & Pearce Contractors is requesting an additional 60-day extension in that we can complete these changes and submit a new application based on the changes in acreage.

Please call with any questions.

Thank you,
