RE: Kagie Gravel Pit, Permit No. M-1979-102, Corrective Action Extension Request 2 Approval

Dear Ms. Quick:

The Division of Reclamation Mining and Safety (Division) inspected the above mentioned site on August 17, 2016. Problem Three: Signs and Markers were cited as a problem. Corrective actions require the operator to get the site surveyed and replace the boundary markers in the correct locations. AND submit photo document proof by the corrective action date which was October 31, 2016.

On December 29, 2016 a formal extension request was received from Stacy Quick. Ms. Quick has contacted the surveyor and placement of the boundary markers has been scheduled. However due to snow cover and site accessibility during winter, they are unable to do so until spring. Ms. Quick has committed to replacing the markers by no later than May 31, 2017. The Division accepts this extension request and commitment.

To avoid potential future enforcement actions for non-compliance with State Statutes, Rules and Regulations, and/or conditions specified in your permit for this site, you must submit compliance documentation with the corrective actions specified by ***Wednesday, May 31, 2017.***

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
