Good morning Jerry,

The Proposed Decision Date for RN4 associated with the Yoast Mine has been extended to March 3, 2017.

Please let me know if you have any questions or comments.

Thanks,  
Jason

Jason/Janet –

Received the “Incomplete” notice on the Yoast Bond Release identifying the proof of publication for the public notice – The initial public notice was published on 12/18, and the final notice will publish on this Sunday (01/08), so we will provide the proof of publication next week following receipt from the paper.

In talking with Janet, she indicated that she is working on both the Seneca IIW RN06 Renewal and the associated bond reduction, and hoped to have the findings document completed either late this week or early next week. In order to allow for any last minute questions and finalization of the findings, we request that the decision date for RN06 be extended to 01/20/17. I have a phone message in to Janet to make sure that this will work for her, but she may not be in the office today (sounds like you may have some weather issues). If this doesn't work for her, we would be open to adjusting the date.

We are currently focused on completing the Annual Reclamation Reports for all properties, and then anticipate getting back on the Yoast Renewal RN04 and the Seneca IIW Bond Release. Given these priorities, we request that the decision date for RN04 be extended to 03/03/17.

We appreciate your continued patience and cooperation –

Best regards,

Jerry

**Subject:** Yoast Mine, C-1994-082, RN4 and Seneca II-W, C-1982-057, RN6 Proposed Decision Date

Good morning Jerry,

The Proposed Decision date associated with the Yoast Mine RN-4 and the Seneca II-W Mine RN-6 are due tomorrow, January 6, 2017. The Division understands that Seneca Property is continuing to address the Division's adequacy concerns in the case of the Yoast Mine and the Division is reviewing the recently submitted responses associated with the Seneca II-W Mine.

Please provide the Division with an extension request of the Proposed Decision date to allow the Division time to review the received and forthcoming responses.

Thanks,

Jason
