Re: Colona Gravel Pit, Permit No. M-1994-005, Technical Revision Terminated, Revision No. TR-4

Mr. Siegmund:

On January 12, 2017 the Division of Reclamation, Mining and Safety terminated your request for the Colona Gravel Pit, addressing the following:

Reduction of the final lake area within the reclamation plan.

It is the Division's understanding that the plan proposed through TR-4 is no longer feasible and that United will be moving forward with a new proposal for reclamation at the site. Therefore this revision request, TR-4, has been terminated.

If you have any questions, please contact me.

Sincerely,

Dustin M. Czapla
Environmental Protection Specialist
