To: "Yeldell - DNR, Amy" <amy.yeldell@state.co.us>, Russ Means - DNR <russ.means@state.co.us>, stephanie.mitchell@state.co.us

Good morning.

Per the corrective actions outlined in the August 9, 2016, inspection of our pit, I will be forwarding photos taken of the site where the "trash" debris was removed. We are in the dead of winter and everything is snow covered, so for the most part everything looks white, but you can see that the area where the debris is no longer onsite. The debris was removed from site on December 20, 2016, and we would welcome a return visit if one warrants.

I was unable to get the photos to transfer to this email so I am going to forward separate emails with photos taken.

Please let me know if you have further questions.

Thanks.

Donna Cooley
