SUBJECT: Request for Cancellation of Discharge Monitoring Report NOI P-2012-013
NOI P2012-013 Public Land Well Pad Discharges to Ground Water Rio Blanco County,
Colorado

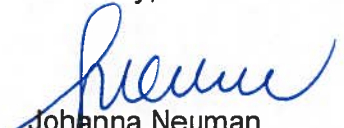

Dear Mr. Marshall:

The purpose of this letter is to notify CDRMS, that due to termination of all the Mahogany Research Projects (MRP) in late 2013, research activities at the site were discontinued. As a result, Shell Frontier Oil & Gas Inc. is requesting cancellation of Discharge Monitoring requirements for P-2012-013. There have been no discharges as the equipment has been decommissioned, wells abandonment and surface reclamation completed for attached well pads associated with NOI P-2012-013. Please refer to previously submitted DMR reports for the subject NOI.

The MRP site has completed the project decommissioning, well abandonment and surface reclamation final phase's in 2016.

If you have any questions or need additional information regarding this notification and request, please contact me at (832-337-7230).

Sincerely,

Johanna Neuman
Environmental Engineer
