Mr. Cunningham:

We have received reports from a member of the film crew filming the "Gold Rush" television series that they observed mining activity apparently beyond the permitted boundaries at the Bullger Basin mine DRMS permit M1985022.

We have confirmed this with overhead imagery from the Park County GIS mapping system.

The apparent unpermitted activity extends beyond the north boundary of the Bullger Basin mine into the National Forest.

We find this particularly egregious because of the activity on Forest Service land.

Please refer to the attached aerial photograph showing the Park County tax parcels.

Upon your review, we trust that you will also inform the appropriate USFS authorities for their further action.

Regards,  
Robin Rindsig
