Re: Hocker Gravel Pit, Permit No. M-2004-063, Technical Revision Approval, Revision No. TR-2

Dear Mr. Hocker:

On March 1, 2017 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on December 6, 2016, addressing the following:

Update reclamation seed mix

The terms of the Technical Revision No. 2 approved by the Division are hereby incorporated into Permit No. M-2004-063. All other conditions and requirements of Permit No. M-2004-063 remain in full force and effect.

Furthermore Division staff has performed a reclamation Cost Estimate based on the changes included in TR-2. Staff calculations concluded that the currently held financial warranty is sufficient to achieve reclamation of the site. If you have any questions, please feel free to contact me at the Division's Grand Junction Field Office at (970)-243-6368 or by email at lucas.west@state.co.us.
