Technical Revision No. 78 (TR-78)
Adequacy Review**

Dear Mr. Gilbreath:

The Colorado Division of Reclamation, Mining and Safety (Division) received your application for TR-78 for the New Horizon Mine on February 6, 2017. The application was deemed complete on February 15, 2017. TR-78 is proposing to incorporate the as-built certification for Pond 16 into the permit and to remove the NPDES permit from the permit application package.

The Division finished its review of the TR-78 application and does not have adequacy questions or comments.

If you have any questions or need additional information, please contact me at (303) 866-3567 ext. 8142.

Sincerely,

Brock Bowles
