Brian,

The submittal date for the AHR's associated with the Seneca II W Mine, Yoast Mine, and the Hayden Gulch Loadout have been extended to March 31, 2017.

Please let me know if you have any questions.

Thanks,
Jason

The reports have been written by our consultant. I'm reviewing them. Should be done by middle of next week. I'd like an extension until March 31st.

Subject: Annual Hydrology Report extension

Jason,

We are in the final stages of the Annual Hydrology reports but still have some reviewing to do. Seneca Yoast Mine, Hayden Gulch Loadout, and Seneca II West Mine would all like to request an extension for the AHR submittal. Please extend the deadline for all to March 24, 2017.

Thanks
