Dear Mr. Westhoff,

On April 11, 2017, the Division of Reclamation, Mining and Safety increased the current Financial Warranty required for this permit to \$108,387.32, in accordance with Rule 4.2.1 of the Rules and Regulations. This is an increase of \$95,387.32. Please see the March 30, 2017 inspection report for details regarding why this surety increase is required.

The Division ordered amendment of the current Financial Warranty, or submittal of a new Financial Warranty reflecting this increase is due by **June 12, 2017**. If you wish to submit a different type of Financial Warranty, please contact me so I may send you the applicable form.

The Permittee for this site may be scheduled for a Formal Board Hearing for possible revocation of the permit after June 12, 2017, if the amount of any increased Financial Warranty has not been provided.
