Jerry,

The Proposed Decision date for RN-4 associated with the Seneca Yoast Mine has been extended to May 19, 2017.

Please let me know if you have any questions or comments.

Thanks,
Jason

Jason –

Sorry for the delayed response, but I was out of the office Friday. I have gotten a start on the adequacy responses for the Yoast renewal, but need a little more time to finish-up. We request that the decision date be extended to May 19, 2017, and anticipate that we will be submitting our responses in the next two weeks. Thanks for your consideration and patience –

Best regards,

Jerry

Subject: Yoast Mine, C-1994-082, RN-4 Proposed Decision Date

Good morning Jerry,

The Proposed Decision date associated with RN-4 of C-1994-082 (Yoast Mine) is due from the Division on 4/7/2017.

Please provide the Division with an extension request that will allow Peabody Energy with enough time to adequately address the Division's concerns and provide the Division with adequate time to review Peabody Energy's responses and generate a Findings document. Please note that the Reclamation Cost Estimate (RCE) associated with RN-4 has been updated with new costs, as the original RCE was completed in 2015.

Please let me know if you have any questions or comments.

Thanks,

Jason
