Mr. and Mrs. Eichler:

On April 18, 2017, the Division of Reclamation, Mining and Safety approved the succession of operators from Febbraro Construction Co. to Michele M. and Frederick V. Eichler for this operation. Michele M. and Frederick V. Eichler is now the permitted operator of the The Broyles Pit, and as such, is responsible for all provisions in M-2004-028, as well as those specified in the Rules and Regulations. Febbraro Construction Co. is relieved of all responsibilities concerning this operation.

Please Note:

1. All of the application materials, as amended and supplemented, are in integral part of your permit. They have been incorporated into the permit by reference. We presume that you have a copy of all of these materials; therefore, none have been enclosed with this mailing. We suggest that you keep a copy of the permit and the permit application at the mining operation as a reference for operation personnel, to help ensure compliance with the terms of the permit.
2. Changes in the mining and reclamation operations that differ from those described in the permit may require a modification to the permit. We suggest consulting the Rules and Regulations and/or contacting us to determine if a modification to the permit is necessary. Rule 1.10 pertains to Amendments, Rule 1.9 to Technical Revisions, and Rule 1.11 to Conversions.
3. On your permit anniversary date each year, you must submit an annual fee and annual report to us. Please consult the Rules, Act, and your permit for specific requirements.

The new estimated liability amount of \$12,023.61 for The Broyles Pit. Please submit your financial warranty bond in the amount of \$12,023.61 before June 17, 2017 to the Division via
