Re: Cresson Project, Permit No. M-1980-244;
Second Decision Date Extension Request Approval, Revision No. TR-89

Dear Mr. Henris:

On April 27, 2017, the Division of Reclamation, Mining and Safety (Division) received via email a request to extend the decision date for Technical Revision 89 (TR-89) to May 8, 2017. The Division hereby approves the extension request. However, an additional extension will be required as the adequacy issues are substantial and the Division has yet to receive a response. In addition, Division staff have scheduled field work for the week of May 1 and will have limited available time to review responses, if submitted next week.

If you have any questions, you may contact me at (303)866-8567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
