Re: Permit M-1992-069 – 83rd Joint Venture Pit
Complaint Against Mining Operation (CT-01 and CT-02); Wright Water Engineering,
Inc. Response to DRMS and AI Regarding the 83rd Joint Venture Pit

Dear Peter:

The Division's April 10, 2017 letter, under which the above-referenced response and letters from City of Greeley and Boyd Irrigation Company were transmitted to Aggregate Industries, imposed a thirty (30) day deadline for Aggregate to respond to the report and letters. As we discussed recently, Aggregate would like an opportunity to meet with the Division prior to completing its response.

A meeting with the Division has been scheduled for May 12, 2017, which is past the thirty day deadline, and we are therefore requesting an extension of time to June 2, 2017 to submit the required responses

Very truly yours,
