Jared,

Can you please pull the latest annual report for M2007087 Albert Freis and Sons, as I have emailed you in Feb about my concerns related to the permit still open, going on 10 years. AFS pulled out and still owes Cap Land Co. approx 83000 cu yds of clean fill material, and have until 2019 to finish the completion and reclamation.

After reviewing their new filing what recourse do I have and how can DRMS enforce the requirements that still exist on AFS's part. If you look at the history they have just delayed filling, with ending in a court battle still obligating themselves to perform and deliver apporx. the balance of 83000 plus cu yds. Copy me the annual report for I have not been able to pull it up. Please advise.

Thank You  
Gary Priola
