Mr. Czapla,

This letter is in reference to the site inspection that you conducted at the Buena Vista Pit M-1977-196 on April 18th, 2017. You cited a possible violation stating that we had provided an annual report indicating no mining had occurred since December of 2011. That information was in error. We have sold aggregate from the site in the past few months and intend to continue to sell aggregate as we continue reclamation of the site. We will also be cleaning the site once our CDOT job is completed.

I would ask that you accept this letter as a response to your inspection and associated corrective action item. If there is anything further I need to do in order to address this issue or anything else with the April 18th inspection, please feel free to contact me at 719-275-3264.

Sincerely,

Jodi Schreiber
Chief of Operations
