RE: NOI CX-2011-232-01
Bond Release Request (SL-2)

Dear Mr. Thompson,

The Division has received a request for release for the Notice of Intent CX-2011-232-01. We currently hold a bond for this NOI in the amount of \$34,343.89.

The Division has completed an inspection of these sites under the SL-1 application and determined the sites are active monitoring wells. The wells were excluded from the SL-1 application. New Elk Coal Company submitted a Minor Revision No. 123 (MR-123) to incorporate the monitoring wells into the New Elk Mine permit no. C-1981-012. MR-123 was approved on August 31, 2015.

Based on the transfer of the wells into the New Elk Mine permit. No inspection is required. The Division will move forward with processing the Proposed Decision of SL-2.

If you have any questions please feel free to contact me at (303)866-3567 ext 8134

Sincerely,

Jason Musick
