Hi, Clayton

I could use your help with the Reclamation Cost Estimate for Lorencito Canyon Mine (C-1996-84). Please update the costs in the CIRCES system. For general mine questions, please see me. For questions regarding the CIRCES software, please see Jim Stark, Jared Ebert, or another cost estimator in the Coal Program.

I need this done by the first week of July 2017.

Thanks for your help!

Rob
