**Re: General Shale Brick, Inc., Ute Mine, Permit No. M-1979-221,  
Acreage Reduction Approval, Revision No. AR-02**

Mr. McGraw:

On May 12, 2017, the Colorado Division of Reclamation, Mining and Safety (Division/DRMS) approved your request for release of a portion of the permit area from further reclamation responsibility.

The permit area was reduced to 25.61 acres, through the release of 16.76 acres in this permit action. Because the permit is not totally released, you are still liable for filing annual reports and fees.
