RE: New Horizon Mine, Permit No. C-1981-008
MR-104 Adequacy Review

Dear Mr. Gilbreath:

The Division of Reclamation Mining and Safety (Division) received MR-104 on May 1, 2017. MR-104 was deemed complete on May 11, 2017. The Division finished its review and has the following comment:

1. On page 3, bullet point e lists the ditches and culverts that have been permitted as permanent. This list has not been updated to include the changes associated with recent bond releases and revisions to the permit. Please update this list and Map 2.05.3(3)-1 Surface Water Hydrology so they are consistent with each other.

If you have any questions, please contact me at (303) 866-3567 ext 8142.

Sincerely,

Brock Bowles
Environmental Protection Specialist
