Lance Baller
lance@hsagg.com

Dear Mr. Baller,

Your application to rezone the portions of tax parcels 5068, 13444, and 43796 south of the latitude of 39°13'40" North is complete and will be on the June 13th Planning Commission agenda, and presumably the June 25th Board of County Commissioners agenda. If the application is approved, mining and mining related activities on those portions of the lots will be permitted subject to applicable permitting and review. If the application is denied, mining and mining related activities will have to cease on those portions of the lots in order to avoid a code enforcement action.

John Deagan
