Mr. Abraham:

On May 18, 2017, the Division of Reclamation, Mining and Safety received your Technical Revision application **TR-3** for the Golden Wonder Mine Permit No. **M-1978-091-UG**, which is located in Hinsdale County. The revision requested addresses the following items:

- Minor improvements/enhancements to the existing mine water treatment system. Replacing limestone in passive system with more effective materials and adding a small pre-treatment sump on the edge of the existing mine pad.

Preliminary review of the information received determined that the following items must be received before the Division can consider your application as being submitted and technical review can begin:

- Please submit the entire Application Fee of \$1,006.00 that is required for all Hard Rock Designated Mining Operations. A check for \$175.00 was received in the DRMS Denver office therefore, \$831.00 is required in order to make the request complete.

If you need additional information, please contact me at the Division of Reclamation, Mining and Safety, Grand Junction Field Office, 101 S. 3rd St., Suite 301, Grand Junction, Colorado 81501, telephone no. 970.241.2042.
