Jared,

To assure I have enough time to make responses I would request a 10 day extension. I will put a copy in the mail today. Thank you.

Hello Mr. Schafer,

A change in the proposed location of the permit area constitutes a Technical Revision to the 110 permit application. Per Rule 1.8.2 the Office shall set a new date for the consideration of a technical revision to an application as necessary to afford an adequate opportunity for a review of the technical revision. Given this, the Division has set the decision date for the application to June 1st, 2017.

Thank you,
