***RE: Mid-Continent LST, Permit No. M-1982-121, 30-Day Extension Request Approval***

Dear Mr. Dangler:

On May 31, 2017 the Division of Reclamation Mining and Safety (Division) received a formal request for a 30 day extension from Jonathan Ma. The extension is regarding mapping and survey requirements outlined in the January 17, 2017 letter to you from the Division. The Division acknowledges that due to the historical record of this site and topography that this task has become quite cumbersome. The Division is therefore approving the 30-day extension request.

To avoid potential future enforcement actions for non-compliance with State Statutes, Rules and Regulations, and/or conditions specified in your permit for this site, you must submit compliance documentation with the corrective actions specified by ***Monday, July 03, 2017***.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us
