Gentlemen:

Please see attached photos, taken June 7, showing discharge of water from mining ditch pond OUTSIDE PERMIT BOUNDARY being used to fill ILLEGAL lined pond situated on residential zone land.

Photo 1 shows the water discharge, photo 3 shows the illegal pond.

Apparently, no one from the DRMS has the time to drive 85 miles and STOP THIS FLAGRANT VIOLATION OF THE CEASE AND DESIST ORDER!

Do you even give a damn?

Robin Rindsig
