RE: Bonanza Land; DRMS File No. P-2017-006; Financial Warranty Acceptance and
Approval to Commence Prospecting

Dear Mr. Knudson,

On June 13, 2017, the Division of Reclamation, Mining and Safety (Division) applied the following funds from the One Site Prospecting Financial Warranty Check for Deposit in State Treasury for File No. P-2017-006:

1. Bond No. 2126, in the amount of \$2,000.00.
2. Bond No. CA-001 in the amount of \$1,100.00.

The reclamation liability amount for the Bonanza Land NOI is \$3,100.00.

Therefore, final approval from the Division for your Notice of Intent to Conduct Prospecting (NOI) at the Bonanza Land is hereby granted and you may commence operations at this site pending the appeal period described below. However, if your operation is located on Federal surface or is accessing Federal minerals, you will also need to obtain a permit from the Federal government prior to commencement of operations. Pursuant to Rule 5.1.3(d)(iv), the Division's determination will not take effect until the expiration of the five business days allowed for an appeal, or, in the case of an appeal, until the Mined Land Reclamation Board issues its decision.

Also, in accordance with Rule 5.6, an Annual Report and associated fee of \$86.00 per site must be submitted on your notice approval anniversary date for each year following the filing of an NOI until reclamation responsibility release is granted. In addition, Rule 5.3.4 requires the prospector to notify the Division of completion of prospecting operations and Rule 5.7 requires the submittal of a final report for drill holes within 60 days of completion of the abandonment for artesian flow holes and within one year of completion of the abandonment for any other drill holes.

Mr. Knudson
