Hello Dewey,

The corrective actions required for these site from the last inspection was last Friday. I wanted to check on the status of these items.

Thank you,

--

Hi Jared,

We have been working with Coffey Engineering to get the items completed and they are nearing completion. They have completed the field work and are trying to track down the deed for the property. If we could get an extension to complete this project it would be very much appreciated. If you would like to know any further details, please feel free to contact Troy Campbell with Coffey Engineering (970) 622-2095 (office), (970) 217-9148 (mobile) or TCampbell@Coffey-Engineering.com.

Thanks,

Dewey Chandler

Hello Dewey,

Thank you for the information, the corrective action due dates for the problems cited in the inspection reports for both site (M-1994-080 and M-1985-211) have been extended until July 17, 2017.
