MINING AND SAFETY**

RE: Deakins Pit - M-2001-060

Amy, following is the response to your letter dated 6-8-17:

- 1) Enclosed is the map showing proposed location of the inert backfill material.
- 2) Approximate volume of imported material to 130,000 cu.yds.
- 3) Please see enclosed affidavit certifying material will be clean and inert.
- 4) Date of proposed import will be from 8-1-17 thru 10-31-28.
- 5) Back fill will result in graded lots used for heavy industrial lots as depicted in reclamation plan.
- 6) Back fill will be placed in 4' -5' lifts and compacted with a loader and graded to not steeper than 3:1. Cured concrete placed in fill will be covered with a minimum of 5' of overburden.

Sincerely,

Steve Baker
(970) 326-7356 (cell)

RE: Deakins Pit - M-2001-060

Amy, following is the affidavit for the import of inert fill:

I Steve Baker and 3B Enterprises certify that only clean inert fill will be introduced into the Deakins pit site as stated in rule 1.1(20).

Sincerely,

Steve Baker
