RE: Rock Pit Mine, Permit No. M-1985-082, Technical Revision (TR-1) Approval

Dear Mr. Baker:

On June 28, 2017 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision request (TR-#) submitted on June 6, 2017, addressing the following:

-Add the removal of the scale, scale house and crusher to the reclamation plan

The terms of the TR-1 approved by the Division are hereby incorporated into Permit No. M-1985-082. All other conditions and requirements of the permit remain in full force and effect.

As a result of the approval of TR-1, a Reclamation Estimate Cost Update was performed and staff calculations found that the currently held financial warranty is not sufficient to achieve reclamation in accordance with the Act and Rules, and the approved Reclamation Plan. Please find the enclosed Notice of Financial Warranty Increase (SI-3) and Reclamation Cost Estimate Worksheets for more information.

If you have questions or concerns, please feel free to contact me at the Division's Grand Junction Field Office, by phone at (970)-243-6368 or by email at lucas.west@state.co.us.

Sincerely,

Lucas West
