Re: Notice of Outstanding Corrective Action, Red Jasper Granite, Permit No. M-1982-200

Mr. Tezak:

The Division of Reclamation, Mining and Safety (Division) inspected the Red Jasper Granite, Permit No. M-1982-200, on April 19, 2017 and cited four compliance problems in the enclosed Inspection Report, dated May 12, 2017. According to the Division's records, the corrective action for compliance problem #4, originally due on or before June 12, 2017, has yet been resolved. Listed below is the description of the compliance problem and the outstanding corrective action. **Please resolve the corrective action and provide evidence of such resolution on or before July 11, 2017.**

INSPECTION TOPIC: Signs and Markers

COMPLIANCE PROBLEM #4: The mine identification sign needs to be refreshed.

CORRECTIVE ACTIONS: The operator must post a sign at the entrance to the mine site which shall be clearly visible from the access road and specify the following:

- the name of the operator
- the permit number
- indicate that a reclamation permit for the operation has been issued by the Colorado Mined Land Reclamation Board

The operator shall submit photo documentation of a posted mine identification sign by the corrective action date.

(NEW) CORRECTIVE ACTION DUE DATE: July 11, 2017

Note, if the corrective actions are not properly addressed, and no evidence is provided to the Division by the date provided above, the listed problems could be escalated to the level of a possible violations and would then be referred to the Mined Land Reclamation Board for further action.
