**Re: Financial Warranty Release, Oyama Tunnel Exploration Project, File No. P-2011-032**

Maurice Lynch:

On July 5, 2017 the Division of Reclamation, Mining and Safety (Division) received a request for release of reclamation responsibility for the above referenced Notice of Intent to Conduct Prospecting Operations (NOI). After several correspondence and file review, Division staff determined that no disturbance has taken place on site, and that the site is ready to be released from any further reclamation responsibility. The Division approved the full surety release, SL-01, for NOI no. P-2011-032.

According to Rule 1.4.11(1)(b), the Division must wait 30 days from the date of this letter, before releasing the financial warranty, in order to address any comments or objections to this decision. If you have not received the financial and performance warranties by August 14, 2017, please contact Barbara Coria at (303) 866-3567, ext. 8148.

If you require additional information, or have questions or concerns, please contact me at the Division's Grand Junction Field Office.

Sincerely,
