Gentlemen:

On May 12, 2017 DRMS issued a letter to Lance Baller of High Speed Mining, LLC requiring them to demonstrate compliance with Park County planning Department (regarding illegal mining a residential zone) within 60 days.

Copy of DRMS letter here <http://drmsweblink.state.co.us/drmsweblink/0/doc/1190401/Electronic.aspx?searchid=b76ec0b3-b735-41a4-b0ac-223290eb517e>

To date, there is NO evidence of any documentation in the mine file demonstrating such compliance.

In fact, no such documentation exists because to become compliant, the property presently zoned residential would have to be re-zoned to mining.

This has not occurred.

Thus, High Speed Mining is in violation of C.R.S. 34-32.5-115(4).

This mine needs to be shut down. It continues to operate to the detriment of nearby property owners and the general public who must put up with the noise, dust, and other issues associated with the illegal activity.

I trust DRMS will do the right thing. And soon.

Regards,

Robin Rindsig
