Re: Additional application replacement pages

Dear Mr. Hays,

Attached are four additional replacement pages for the Grimes 112 Conversion Application.

These replacement pages are the revised maps. The full size maps were mailed to me yesterday and will be delivered to you as soon as I get them.

In addition, in the last emailed document I sent, the adequacy response, I requested you extend the approval date by 10 days in the event all issues necessary for application approval are not resolved with the DRMS.

Respectfully,

Bruce Humphries

Consultant for Tracy and Ed Grimes
