***RE: Buena Vista Pit, Permit # M-1977-196, Notice of Potential Violation***

Mrs. Schreiber:

The Division of Reclamation, Mining and Safety has been informed of unauthorized backfill activity occurring at the Buena Vista Pit. Photographic evidence has been provided to the Division showing disposal of asphalt, rebar, concrete and various other refuse as backfill in the pit. The Division believes this is in violation of Rule 3.1.5 (5) for failing to dispose of refuse in a manner that will protect the drainage system from pollution. In order to avoid future enforcement action, please remove the refuse from the site for disposal at an appropriate landfill, and provide photographic evidence and landfill receipts to show that this has been done within 30 days.

If you require additional information, or have questions or concerns, please contact me at the Division's Grand Junction Field Office.

Sincerely,

***Dustin Czapla***
