Two Rivers, Permit No. M-1998-038**

Dear Mr. King,

On August 16, 2017, the Division of Reclamation, Mining and Safety (Division) received your request for surety reduction for the above referenced site. Prior to processing the request, the Permittee will need to do the following:

- Submit a new estimate of the actual cost to reclaim the remaining reclamation tasks, in accordance with Rule 4.14.1(2)(b).
- Provide the phone numbers for all owners of record of the affected land, in accordance with Rule 4.17.1(2).

The Division recommends also submitting a cover letter for the release request explaining and providing specific details on which reclamation tasks have been completed at the site and which tasks remain. This cover letter will help the Division understand the scope of the request.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8132**, or by email at [elliott.russell@state.co.us](mailto:elliott.russell@state.co.us).

Sincerely,

Elliott R. Russell
