**Re: Midwestern Farms; Permit No. M-1993-059; Incomplete Surety Reduction Request;
Revision No. SR-01**

Mr. King:

On August 16, 2017, the Division of Reclamation, Mining and Safety (Division) received your letter requesting a surety reduction for the Midwestern Farms site, Permit No. M-1993-059, located in Prowers County. We have determined the following information must be submitted to complete the filing requirements:

- 1) Pursuant to Rule 4.14.1(2)(b), please include an estimate of the actual cost to reclaim the site based on what it would cost an independent contractor to complete reclamation, including unit costs for reclamation activities as appropriate to the operation to comply with the provisions of Rule 3.1 and the permit's reclamation plan.

Please be advised you do not have to submit a new request form. The requested information may be sent via mail or email. Please be sure to include the permit number and revision number (SR-01) on any correspondence regarding this request.

If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
Environmental Protection Specialist
