BEFORE THE DIVISION OF RECLAMATION, MINING, AND SAFETY
STATE OF COLORADO

WITHDRAWAL OF APPLICATION FOR TECHNICAL REVISION

DOLLERSCHELL PIT

PERMIT M-1986-074

To the Division of Reclamation, Mining, and Safety:

Kym Schure ("Permittee"), who holds DRMS mining permit number M-1986-074, submitted an "Application for Technical Revision" to that permit on August 16, 2017. The Division responded with an adequacy review letter dated August 28, 2017, stating that the Technical Revision failed to demonstrate a legal right to enter to perform reclamation on Tract 6, and therefore cannot be approved as submitted.

Under the circumstances, Mr. Schure has no alternative but to withdraw the above-captioned Application for Technical Revision.

Respectfully submitted this 29th day of August, 2017.
