DIVISION OF RECLAMATION
MINING & SAFETY

Dear Ms. Amy Eschberger:

In response to the offsite disturbance issue you raised following the March 22, 2017 Inspection of the CEMEX Sandstone Quarry, CEMEX would like to confirm that the offsite disturbance is not associated in any way with the permitted operation.

CEMEX has requested that the Loukonen Quarry provide a notarized letter attesting to the activities that you identified as needing documentation for DRMS files as well as CEMEX's records. I am hopeful that we can get this accomplished within the 30 day timeframe.

Again, we appreciate your time and we look forward to working with you in the near future. Should you have any questions or require additional information please feel free to contact Mike Whitehead at 303.823.2115 or Denny Luke at 715.495.0564.

Kind Regards,
