RE: Morrison Quarry; DRMS File M-1973-021; Technical Revision No. 5 (TR-05)

Dear Mr. Jorgensen,

On August 8, 2017, TR-05 was filed with the Office, addressing a significant modification to the reclamation plan for the South Quarry area. Pursuant to Rule 1.9.1, the 30-day decision deadline for TR-05 is September 8, 2017.

The plans proposed through TR-05 have a significant effect upon the approved reclamation plan, and thereby exceeds the scope of the technical revision process, as defined under Rules 1.1(49) and 1.9. Pursuant to C.R.S. 34-32.5-112(7), the proposed modifications to the South Quarry are more appropriately filed for Office review through the amendment process, as defined under Rules 1.1(6) and 1.10. Therefore, please withdraw the application for TR-05 and resubmit the proposed plans for Office review through the amendment process.

Failure to withdraw the application for TR-05 will cause the Office to issue a decision to deny TR-05 on or before September 8, 2017. Provisions for appeal of the Office's decision to deny TR-05 are provided under Rules 1.9.2 and 1.4.11.

If you have any questions, please contact me at (303)866-3567 x8116.

Sincerely,

Michael A. Cunningham
Environmental Protection Specialist
