RE: Request for Extension for Kennedy Pit changes  
M-1990-116

Dear Mr. Russell:

Our current deadline for a correction at the Kennedy Pit is September 22, 2017. We would like to request a two-week extension to complete the change. We plan to take out the fill on the west end of the pit, but need of a little more time to get that accomplished. Thanks for your consideration

Sincerely,

Randy Schafer  
Phillips County
