*RE: Northern Colorado Constructors, Inc. – Bennett Pit – File No. M-2016-085
112c Permit Application, Request for Decision Date Extension*

Dear Mr. Hays,

Northern Colorado Constructors, Inc. has received the Division's third adequacy review comments letter dated September 19, 2017. As a result of the Division's comments, we are requesting an extension of the decision date. Because additional information may be needed and additional time is needed for your review, Northern Colorado Constructors, Inc. would like to request an extension to the current September 28, 2017 decision date for this 112c Permit Application to October 19, 2017. This extension is required for Northern Colorado Constructors, Inc. to have sufficient time to gather and develop the additional information, and for the Division to review it and finish review of the response information we will be providing to you for the Division's third adequacy review comments.

Thank you for your consideration of this decision date extension request. Please feel free to contact me with any questions or comments.

Sincerely,

A handwritten signature in blue ink that reads "J.C. York".
