RE: Iverson Mine M-2011-001, TR-01 Adequacy Review Response

Dear Mr. Hays:

As a follow up to your adequacy review letter dated September 12, 2017, you stated that you did not receive maps C-206 thru C-214 of the as-built drawings. My apology on the confusion. Those sheets were never fully constructed so the engineers cannot supply as-builts. That drawing set is stamped on the cover page with "As Constructed (partial) June 16, 2016 – G-101-C-205". I guess our consultant should have removed that reference to those sheets on the cover page instead of adding the note. Those pages were replaced with sheets C-100 thru C-110 on the proposed grading plan sheets that were also provided with the submittal for your review.

Sincerely,

A handwritten signature in black ink that reads 'Julie Mikulas'.

Julie Mikulas  
Land Manager
