***RE: Glen's Pit, Permit No. M-2005-075, Inspection Problem Abated***

Dear Mr. Burkey:

On April 13, 2017 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Signs and markers were cited as inspection problems because the mine was not posted at the entrance of the pit. The corrective actions required that you post a sign per Rule 3.1.12 and provide photo documentation by the corrective action date.

On August 8, 2017 the Division received a photograph of the sign. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
