RE: Kate; DRMS File No. P-2016-019;
Notice of Decision NOI Modification 1 (MD-01)

Dear Mr. Abrams,

On October 11, 2017 the Division of Reclamation, Mining and Safety accepted the modification application submitted to the Division on November 21, 2016, addressing the following:

Drill 10 more exploration holes.

The performance bond currently held by the Division is \$16,134.00. The Division has reviewed this modification for impacts to the financial warranty and has determined that this modification does not require an increase to the current reclamation liability. You may proceed with your approved prospecting activities.

If you have any questions, please contact me at (303)866-3567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
