Notice of Citizen Complaint

Dear Ms. Adkins:

The Division of Reclamation, Mining and Safety (Division) received a complaint against the above referenced operation on October 15, 2017. A copy of the complaint form has been enclosed for your records. The Division inspected this site on September 21, 2017 and determine the site to be in compliance with the approved permit, with the exception of the lapsed NOI with the USFS. As such, the Division has determined that an additional inspection is not warranted at this time.
