RE: Midwestern Farms, Permit No. M-1993-059, Surety Reduction Request, Revision No. SR-1, Approval of 60-Day Extension

Mr. King:

On October 19, 2017, the Division of Reclamation, Mining and Safety (Division) received your request to extend the decision date by 60 days for the Surety Reduction request (SR-1) filed for the above referenced permit on August 25, 2017. This extension is to allow time for submittal and review of a Technical Revision to address the shoreline erosion problem identified during the Division's October 5, 2017 inspection of the site.

The new decision due date for SR-1 is set for **December 23, 2017**. Please submit all requested materials at least one week prior to the decision due date to allow the Division sufficient time to review your submittal.

If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
Environmental Protection Specialist
