Re: Eagle-Gypsum Mine, Permit M-1984-041 Notice of Receipt, Technical Revision TR-10

Jared Rhea:

On October 2, 2017, the Division of Reclamation, Mining and Safety received your Technical Revision application **TR-10** and the required fee for the Eagle-Gypsum Mine Permit **M-1984-041**, which is located in Eagle County. The revision requested addresses the following items:

- Recovery of an additional 100 vertical feet of Gypsum in the West (Lower) Pit.
- The original high wall and final pit will be backfilled to a 3H:1V slope or flatter.

The Division is reviewing your revision submittal for adequacy. The decision due date is scheduled for November 9, 2017. We will contact you if additional information is needed.

Sincerely,

Travis Marshall
Environmental Protection Specialist
