

**Colorado Interstate
Gas Company, L.L.C.**
a Kinder Morgan company

November 28, 2017

Holcim (US) Inc,
Mr. Fernando Valencia
Facility Manager
3500 Hwy 120
Florence, CO 81226

Dear Mr. Valencia:

As required by Colorado Division of Reclamation for regulatory review processes, this letter serves as verification that Colorado Interstate Gas Company, L.L.C ("CIG"), and Holcim (US) Inc., are working collaboratively to ensure that the activities of each company does not impact the continuing operations for the above noted organizations.

CIG has an easement interest on Holcim's property for high pressure natural gas pipelines that cross through Holcim's property. Both CIG and Holcim have been working collaboratively to ensure that operations of each company is not impacted by the others activities. This effort to collaborate is ongoing to insure the safety of the gas pipelines and the mining operations. Communication is ongoing via email, phone calls, and face to face meetings. Each organization gives careful attention to risk assessment and risk mitigation including appropriate depth of pipeline cover, appropriate supervision for staff, and the proper use of facilities and equipment to maintain compliance with applicable law and regulation of all regulatory agencies.

Below represents the full commitment of CIG to participate actively in the collaboration and implement fully all elements of this agreement.

Pipeline Owner Name:
