Re: M2017-049

As a property owner and resident in the Eagle Creek watershed, I am writing to express my objection to the proposed M2017-049 application for a new water treatment plant in the Eagle Creek watershed.

The proposed application for a new water treatment plant in the Eagle Creek watershed is a violation of the Colorado Revised Statutes, Title 18, Article 1, Section 1-101, which states that the Colorado Department of Transportation (CDOT) shall not approve any project that would result in the construction of a new water treatment plant in the Eagle Creek watershed.

I request that you reject the proposed application and withdraw the application from consideration.

Sincerely,

Wayne Diggs

Ms. Eschberger,

As a property owner and resident in the Southwest Highway 115 area, I object to Transit Mix Concrete Company's (TM's) application M2017-049 to establish a quarry on Hitch Rack Ranch.

The application jeopardizes the water resources of local residents, fails to protect critical wildlife habitat, and violates the easement rights of several property owners along Little Turkey Creek Road. I urge the Mine Land Reclamation Board (MLRB) to deny TM's application.

I request that both the Pre-hearing Conference and MLRB Hearing be conducted in Colorado Springs.

Yours truly,
